- Precision ring bearing
- Max. load height 80"
- 260% powered film pre-stretch
- forklift portable from front & rear
- AC/VFD motors reduce maintenance
- Easy load carriage

# FLEX-SERIES

## HPD Deluxe Portable Stretch Wrapper

### Precision Engineering

is ideal for those customers who...

- Need a higher level of durability than an entry-level turntable machine.
- Want the ability to quickly relocate the machine.
- Want to wrap loads weighing up to 5,000 lbs.

### Insta-Thread Film Delivery System

Insta-Thread™ with standard pre-stretch rate of 260% not only helps reduce film costs on every load you wrap, but the film on the load will be stronger, so loads are more secure.

### Heavy-Duty Turntable Support Casters

The Flex HPD high profile offers reliable chain drive, a heavy duty steel frame and 8 industrial casters for turntable support

### Drop Lock Carriage Lift System

The HPD Flex uses an industrial grade woven belt carriage lift for long service life and reliability. The "drop lock" system prevents carriage movement in the unlikely event of belt breakage

### Features

- 15 RPM Variable Speed with "soft-start"
- 5,000 lb Maximum Load Capacity
- Economical 260% Powered Film Pre-Stretch
- Maximum Load Height 80"
