

# SENTRY

*Semi-Automatic Portable Stretch Wrapper*

## *Entry Level Wrapper Economical & Efficient*

### *Features*

- 4,000 lb max. load capacity
- Multi-language display
- Password protected settings
- 200% powered film pre-stretch
- Forklift portable from front & rear
- Variable speed carriage & turntable
- Easy load carriage

# SENTRY

## Semi-Automatic Portable Stretch Wrapper

### Precision Engineering

is ideal for those customers who...

- Want an affordable yet full featured wrapping solution.
- Use a mix of pump trucks, walkies and fork lifts.
- Have low to medium volume wrapping needs.
- Want the ability to quickly relocate the machine.
- Want to wrap loads weighing up to 4,000lbs.

### Insta-Thread Film Delivery System

The powered prestretch film carriage elongates stretch film 200% prior to wrapping. This not only reduces material costs but strengthens the film for a better wrap. A safety plate at the bottom of the carriage stops movement if an obstacle is detected.

### Robust and Durable Base

Structural steel plate and tube is used to provide a robust and durable base. Soft-start rotation prevents unstable loads from toppling when cycle begins.

### Multi-Language Control Panel

The Sentry control panel features a multi-language display, knobs for turntable speed, carriage speed, and film tension, power light, start button, E-stop button and power disconnect.

### Features

- Multi-Language Control Panel
- 4,000 lb Maximum Load Capacity
- Economical 200% Powered Film Pre-Stretch
- Forklift Portable
- Variable Speed Carriage
- Password Protected Settings
- AC/VFD Motors for Reduced Maintenance

### Options

- Loading Ramp
- Weigh Scale Package
- Tower Extension

### Technical Data

- Machine Dimensions: 96"L x 48"W x 94.5"H
- Standard Load Size: 52"L x 52"W x 80"H
- Maximum Load Weight: 4,000 lbs
- Powered Film Pre-Stretch: 200%
- Power Supply: 110V or Single Phase 60HZ
