## Uniform Semi-Automatic Case Sealer

PPI's USA Series Case Sealers are adjustable, operator fed machines that process same sized RSC style cases.

Every PPI Case Sealer comes with an HSD 2000-ET II tape head with adaptive technology to provide optimal tape application and wipe down to each of the three taped panels of the case.

When you compare features, benefits and value, PPI Case Sealers are the right choice for operators, plant engineers, maintenance and purchasing.

### FEATURES & BENEFITS

- Heavy duty construction will process up to 125 lb cases
- 4" tall side belt drive to process a wider range of cases
- Side belts capture the case between 2 moving belts, reducing the force on the case
- Twin 1/3 HP motors for 24/7 operation
- Dual column for maximum processing stability
- Slide & lock upper head simplifies case size set up
- Selectable floating upper head processes mild overfills
- Offset tape heads process cases as low as 5" tall
- Reversible controls for left or right handed operation

These machines are engineered to provide:

- Industry leading features
- Heavy duty construction for 24/7 operation
- Ergonomic, user-friendly operation and case size set up
