

FLEX-SERIES

LPD Deluxe Portable Stretch Wrapper

Durability, Reliability & Performance

Features

- 5,000 lb max. capacity
- 63" diameter turntable
- Max. load height 80"
- 260% powered film pre-stretch
- Forklift portable from front & rear
- AC/VFD motors reduce maintenance

FLEX-SERIES

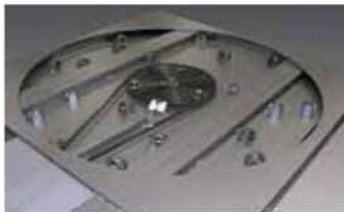

LPD Deluxe Portable Stretch Wrapper

Precision Engineering

is ideal for those customers who...

- Use a mix of pump trucks, walkies and fork lifts.
- Need a higher level of durability than an entry-level turntable machine.
- Want the ability to quickly relocate the machine.
- Want to wrap loads weighing up to 6,000 lbs.

Heavy-Duty Steel Base

Flex LPD features a heavy duty steel base with structural fork tubes that run the length of the machine. Turntable support provided by specially designed casters

Insta-Thread Film Carriage

Insta-Thread™ with standard pre-stretch rate of 260% not only helps reduce film costs on every load you wrap, but the film on the load will be stronger, so loads are more secure.

Drop Lock Carriage Lift System

The LPD Flex uses an industrial grade woven belt carriage lift for long service life and reliability. The "drop lock" system prevents carriage movement in the unlikely event of belt breakage.

Features

- 15 RPM Variable Speed with "soft-start"
- Economical 260% Powered Film Pre-Stretch
- 63" Diameter Turntable for Loads up to 55"x55"
- DuraGlide Support Bearing
- AC/VFD Motors Reduce Maintenance
- Forklift Portable from Front or Rear

Options

- Loading Ramp
- Weigh Scale Package
- 30" Insta-Thread Film Carriage
- 6,000 lb Turntable Capacity Upgrade
